Costume Idea List

The following is a list of ideas, characters, famous people, couples, and groups to help you choose your costume fantasy. We have several thousand costumes and accessories available for both rental and retail. If you don't see what you're looking for listed, please call us. More than likely we have it in stock, or can get it for you.

Copyrighted characters are not available for rental. Where we have listed specific names, it is merely to give you a visual concept of the style of the costume. We do not rent costumes that infringe upon copyrights, and the customer is not allowed to use costumes as specific copyrighted characters. While this may seem harsh, it is done to protect the integrity and image of the character, which in many cases has taken years to build.
